2007 Falls of the Ohio Summer Day Camps

The 2007 Falls of the Ohio Summer Day Camps are filled with exciting hands-on education activities for students who will be in grades 1-6 during the 2007-08 school year. The Falls of the Ohio is a great place for kids to learn about science and history, including fossils, nature, native people, the Interpretive Center's exhibits, films, aquariums, and more. The Young Archaeologist Camp for ages 9-14 will explore how archaeologists learn about people in the past. The camps are sponsored by the Falls of the Ohio Foundation and State Park Interpretive Center.
